

Jenkintown Borough is Transitioning to Digitized Parking Payment.

Jenkintown Borough is transitioning from coin-operated parking meters and kiosks to a digitized payment system. ParkMobile, who has provided this digitized service to the Borough since 2018 as a payment option, will be the vendor providing all parking payment options. The Borough hopes that this flyer helps understand the ParkMobile website and/or app. Jenkintown Borough is implementing the ParkMobile Contactless Payment System and phasing out the existing meters and Kiosks beginning in November and completion is expected by year end 2024. ParkMobile offers multiple ways to pay for parking, making it easier than ever to skip the meter and go contactless.
