

Neighbors of Keswick Village, let us gather to create a prepared and more resilient community!

Announcing the launch of the:

The Keswick Village Community Resilience Coalition (KCRC) is a gathering of residents, business owners, local service providers, and others with a stake in Keswick Village that works through practical action and public policy advocacy to make Keswick Village more resilient to exogenous shocks, like disasters.

KCRC's mission is to enhance community capacity through policy advocacy, preparedness training, and preemptive coordination with neighbors, service partners, and institutions.

We approach all partnerships with the existing and vibrant groups already supporting Keswick, Glenside, and Abington as collaborative, not directive. We join them in common cause to make Keswick Village a safer place to live, work, and invest.
