## **DISCOVER THE BEAUTY AND BENEFITS OF NATIVE PLANTS**

**What are native plants?** Native plants have grown and evolved in our region for thousands of years, forming helpful, symbiotic relationships with other native wildlife. For example, Red Maple trees are native to Pennsylvania, and Norway Maples are not native. This sale will have asters, Black-eyed susans, milkweed, penstemon, phlox, sunflowers & more.

**Why native plants?** Native plants are the basis of our natural food web, and they help birds, pollinators, wildlife, and our environment. They are easy to grow, adapted to our area, need less maintenance, and are beautiful and beneficial. Make your garden an oasis for humans and a year-round habitat for all.

**Find more Information on native plants at:** [www.abingtonpa.gov/nativeplants](http://www.abingtonpa.gov/nativeplants)

### **Sponsored by:**

**Abington Environmental Advisory Council (EAC)**, a volunteer committee that advises Abington Township on environmental matters and making sustainable choices. [www.abingtonpa.gov/EAC](http://www.abingtonpa.gov/EAC), facebook/AbingtonEAC, Email [EAC@abingtonpa.gov](mailto:EAC@abingtonpa.gov).

**Abington Township Free Library (ATFL)**, <https://www.abingtonfreelibrary.org/>, and Friends of the Library, championing learning and fostering connections for everyone.

**Briar Bush Nature Center**, inspires people of all ages and backgrounds to explore and protect nature by encouraging curiosity and scientific inquiry. <https://www.briarbush.org/>

**Bird Town Pennsylvania**, a working partnership of local municipalities and organizations that promote community-based conservation actions to create a healthier, more sustainable environment. [Liberty Bird Alliance](http://Liberty Bird Alliance), (formerly Wyncote Audubon Society), a volunteer organization that encourages environmental conservation, habitat improvement and helping birds thrive.
